

Motorola **CLP** Two-Way Radio

Sleek, simple design for retail, hospitality, and restaurant environments.

One-button push to talk for ease of use.

Clear, strong audio performance for confident communications in noisy environments.

Smart Status Glow uses color to indicate active channel, radio transmit & receive, scan, and battery status.

No external antenna to get in the way or add size and bulk to the radio.

Dependable and durable for long life, more uptime and lower replacement costs.

Operates on 1 watt of power and supports 90 UHF exclusive business frequencies.

Repeater capability when increased coverage is required. *Repeater sold separately*

Li-Ion batteries provide 12 - 18 hours of talk and listen for service over long shifts.

Single-unit chargers provide rapid charging in a compact space-saving design.

Multi-unit chargers conveniently charge up to six Motorola CLP Radios simultaneously, and can be wall-mounted.

Single and multi-channel models available.

Flexible carry options include belt-clip holsters and magnetic carry cases allows for user flexibility.

A variety of comfortable earpiece options keep conversations private.

Customize your radio settings with Motorola Customer Programming Software.
