

## ***Built for your business***

### **CLS Series of Business Radios: Excellence in design**

Clear, lightweight and reliable, the CLS 1110 and CLS 1410 are also easy to use. Designed with productivity in mind, CLS Series radios and accessories provide a communication solution that is affordable and reliable. These radios are designed for employees and staff to carry and hold all day, yet built to withstand everyday use.

These radios offer the range and features that can help you increase productivity and efficiency, enhance security, and improve overall operation or customer service – all at the push of a button.

Making sure your radios are charged and ready to go is effortless too. Multi-unit and single drop-in and chargers keep radios charged, ready, and centrally located. And the rechargeable lithium ion battery provides up to 12 hours of battery life. We also provide an optional AAA battery tray for alkaline battery use.

The CLS Series operates on 56 business exclusive frequencies and features 121 codes – helping ensure a clear signal is readily available when you need it. And with an indoor range of up to 200,000 square feet, employees and staff can always stay in touch.

### **Motorola — A Name You Know and Trust**

For more than 75 years, Motorola has been a leader in creating state-of-the-art wireless communication products. The Motorola CLS Series Business Two-way Radios are built for your business. When you select the CLS Series, you'll experience the same exceptional quality you've come to expect from Motorola products.
